

SAVING OF COAL MEANS HELPING TO WIN THE WAR

U. S. Facing 50,000,000-Ton Shortage, Says Fuel Administrator.

Stringent economy of coal is to be enforced upon the nation, America, producing 50,000,000 tons of coal a year, that is, more than a shortage of an equal amount because of the rising demands brought about by the war and the industries incident upon it.

Dr. H. A. Garfield, Fuel Administrator, gave these facts and figures yesterday at the conclusion of a careful survey of the situation. The 50,000,000-ton shortage will have to be met, he declared, for the greater part by economy of fuel. Every effort will be made to increase production, but there is no prospect of production being raised to the necessary figure. So the campaign to save coal not only will be carried into every manufacturing plant as the nation, but into every home as well.

The demand for coal has increased by 100,000,000 tons per calendar year as a result of the war. The increased demands of the government itself and of the vital war industries—munitions making, steel forging, all the essential manufacturing branches, go to make up this figure.

To secure the coal necessary for the carrying on of the war, the Fuel Administration has determined upon these things:

1. To cut down the supply of all industries and plants not actually engaged in essential war work.
2. To organize a campaign of education for the benefit of the individual user of coal urging the use of every cinder. The man who burns coal in his furnace will be instructed and advised as to how to get the most out of every ton. He will be made to feel that by saving coal he is doing his share toward the winning of the war. The campaign will be along the lines of Hoover's food-saving propaganda. It will be by placard and poster and newspaper appeals.

NAVY INCREASES PAY FOR ENLISTED MEN

Officers Also Share in Raise Just Announced.

A marked increase in the pay of petty officers of the U. S. navy during the war is apparent from an official bulletin just issued by the Bureau of Navigation. Every grade is affected by the new ratings established under the act of Congress, approved October 8 last, and it is significant that Secretary of the Navy Daniels, in promulgating the order, directs special attention to the fact that, beginning on the day the law became effective, the base pay of machinists' mates, second-class, and water-tenders is increased from \$60 to \$65 per month. This will bring the war pay of each up to \$65.50 a month, or almost 60 per cent more than their old pay.

"All blacksmiths in service should have their ratings changed to blacksmiths, second-class, from October 6th. Coppermiths should be retained as at present, as it would reduce their pay to change them to coppermiths, second-class," says the order of the Secretary.

"Any coppermith or blacksmith, second-class, may be promoted to coppermith, first-class, or blacksmith, first-class, as soon as he demonstrates his special fitness by passing an examination before a board of three officers, in accordance with the spirit of General Order No. 12."

The main recruiting station of the U. S. Navy is situated at 506 Ninth street northwest, where enlistments will be received daily, excepting Sundays, between the hours of 9 a. m. and 4:30 p. m. There is a big demand for men of all grades in the service.

H. D. L. TO GIVE SHOW FOR SOLDIER GUESTS

Men in Uniform Invited to Gonzaga Hall Tonight.

At Gonzaga Hall and Theater, 41 I street northwest, the Home Defense League of police precinct No. 6 will entertain tonight in honor of the soldiers and soldiers of the white race located or sojourning in this city. The entertainment will be under the direction of Miss Elizabeth Howry, chairman of the District Committee on Entertainment of Enlisted Men.

Francis J. Hurley, on behalf of the committee on entertainment, will call the meeting to order and introduce the presiding officer of the evening, Rev. Dr. D. H. Martin, pastor of Wesley Chapel Methodist Church. Addresses will be delivered by Rev. Father Sweeney, R. J., of St. Aloysius Church, and Dr. Martin. Refreshments will be served by a committee of ladies, of which Mrs. Harry A. Walsh, wife of Capt. Walsh, of the national army, is chairman. An informal dance will conclude the evening.

The committee on entertainment is composed of M. L. Hart, James M. Harrison, Francis J. Hurley, Joseph Dieken and James S. McWhirter. Ladies' committee: Mrs. Harry A. Walsh, Mrs. Joseph Dieken, Mrs. J. S. Robertson, Mrs. Joseph E. Colton and Mrs. Bladen.

Refreshment committee: Dr. J. T. Prendergast, George E. Lacey and John D. Davies.

HEADACHE FROM A COLD? LISTEN!

"Pape's Cold Compound" ends severe colds and grippe in few hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharges or nose running, relieves sick headache, dizziness, feverish, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Adv.

The November Coat Sale Typifies the Timeliness of all Our Sales

Think of an assortment that at the beginning of the sale numbered more than 1,500 coats—think of adding more and more coats to this accumulation daily—and then imagine what wonderful opportunities there must be in such a broad range of styles, colors, materials, etc., to choose the kind of coat that YOU would like to have; and at a saving of 15% to 25%.

Truly such a collection of elegant garments has never been gathered together here at any previous season and priced at

\$19.50, \$25, \$29.50 and \$35

If there is any one thing we pride ourselves upon it is the timeliness of our important selling events. It is only natural, therefore, that our most important apparel sale of the season should have occurred in November—right at the time when every woman desires a coat most.

On Sale Palais Royal—Third Floor.
